Karla Gergelová

Développeur Web et Mobile à la recherche d'un stage dès le 19 février 2020

Strasbourg Area, France

Summary

Je suis actuellement développeur en formation chez Webforce3 et je suis à la recherche d'un stage pour me permettre de compléter ma formation et d'obtenir un titre professionnel développeur web et mobile (BAC+2).

After working in the hospitality industry for about 5years, while playing basketball on a professional and semi-professional level, I have decided that I would like to find out how all those different systems that we used in the industry were actually utilized on the backend.

I always loved learning and picking up new systems which is why I got interested in software programming.

I love to challenge myself and utilize my brain in a different capacity.

Experience

WebForce3
